

**KARNANI**  
PHARMACEUTICALS PVT LTD

**PROFILE**

# About us

---

A clear future vision and better business prospects led the closely held KARNANI Group having over 90 years business experience to diversify in the field of pharmaceuticals. A new company Karnani Pharmaceuticals Pvt Ltd was established in 1983 by Dr.Madan Mohan Karnani. A manufacturing unit was set up at Bhiwadi Industrial Area, Rajasthan and commercial production was started by 1985.

As activities expanded he was further joined by his younger brother Mr.Ajay Karnani in 1986. Bhiwadi based activities such as production, general administration, finance etc were handed over to him and Dr.Madan Karnani based at the corporate office at Mumbai concentrated in crucial areas of strategic planning, marketing (domestic & exports) & purchases. Since then the company has grown manifolds and is surging ahead with regular expansions.

A second unit was established near Dehradun, Uttarakhand in year 2005. Manufacturing of all pharma products were shifted to the Dehradun unit and manufacturing of all Ayurvedic products were retained at Bhiwadi unit.

In 2012 further expansion was carried out in Dehradun unit. Additional manufacturing facilities of cosmetics, herbal products and herbal medicines was introduced.
